Do you already have an application-account or UniAccount?

If you have already applied to Albert-Ludwigs-Universität Freiburg and the last use of your account was less than a year ago or you are already enrolled at Albert-Ludwigs-Universität Freiburg, please do not complete another online registration:

- If you have an active application account at the Albert-Ludwigs-University (typically: "Given name.Surname"), you can apply directly after registering with the system under **Studies offered | Online application**.
- Registered students of the Albert-Ludwigs-Universität can apply directly for another course of study with their **UniAccount @ UniAccount** (typically "xy1234") in the role **Studying under Studies offered | Online application**.

All other groups of people automatically receive an application account after self-registration: School leavers, students from other universities, guest students, future doctoral students, students registered at the Albert-Ludwigs-Universität who are not enrolled, former students of the Albert-Ludwigs-Universität. The application account will be sent to them automatically after self-registration. **Important: if you already have an active application account, a new registration is not possible.**

Please do not try to register more than once! Multiple registrations lead to errors.

Application data is regularly deleted by the Albert-Ludwigs-University for data protection reasons (typically twice a year). Application accounts and master data are also automatically deleted 1 year after the last use of the account. If you can log in with your application account, your account is still active. If you have forgotten the password of your application account, please use the function [Lost login data?](#) Forgotten password for students with UniAccount works via [myAccount @](#).
