

**TECHNISCHE FAKULTÄT  
UNIVERSITÄT FREIBURG I. BR.**

**Name:**

**Publication**

I acknowledge publishing my thesis within one year after the defense.

The duty of publication is fulfilled by publishing as either book printing, photo printing or as an article in magazines, which are authorized by the faculty.

I accept to deliver the presentation copies to the Faculty of Engineering free of cost:

- \* a) 40 copies in book printing or photo printing or
- \* b) 5 reprints if publication will be in a magazine or
- \* c) 5 exemplars of a book provided that minimum circulation is 150 pieces or
- \* d) 3 exemplars in typescript together with the original and 50 additional copies of microfiches. In this case, I delegate the right to create and distribute additional copies of my thesis to the university.
- \* e) in case of electronical publication: 4 copies in typescript together with an electronical version. The procedure has to be coordinated with the library of the university. I do certify that the electronical version matches with the printed exemplars. In this case, I delegate the right to create additional copies of my thesis and to distribute the thesis via data network to the university.

I know that I will receive my certificate after publication of my thesis and that I am allowed to use the title after receipt of the certificate.
